

PROCEDURES AND REQUIREMENTS - TOWN OF BEEKMAN PLANNING BOARD

The following procedures and requirements MUST BE FULLY MET in order to be placed on the Agenda for the Town of Beekman Planning Board.

GENERAL:

The Planning Board meetings are held on the THIRD Thursday of each month at 7:00 PM.

There are five general steps in the approval process:

Discussion, Sketch Plan Approval, Public Hearing, Preliminary Approval, and Final Approval

SUBMISSION REQUIREMENTS AND PROCEDURES:

ALL submissions MUST be made no later than seventeen (17) days prior to the date of the Planning Board Meeting.

Initial review of submitted material will be reviewed for completeness and conformance to Town Code. If ALL of the required material is not submitted or there are significant issues with conformance to Town Code the project WILL NOT be placed on the Agenda.

Prior to being placed on the agenda for Sketch Plan Approval, the Planning Board may require a fact-finding site visit to review the proposal in reference to the actual property.

To facilitate visits to the site by the Planning Board or its consultants, the property under review should be clearly labeled along the road frontage. The corners of the property should be staked and flagged as well as any other feature such as driveways or new roadways. Additional flagging may be required as the review process progresses.

All required plans, reports, applications and forms MUST be submitted directly to the Town Planning Board Office. The applicant is to submit a total of eight (8) copies of the Site Plan, SEQRA documentation and application, four (4) full size site plans and four (4) 11x17 site plans.

In addition to the other document and plat requirements, the plat should include an aerial view of the subject and immediate surrounding properties, a topographical layout of the property with an indication of the environmentally sensitive areas of the property plainly labeled.

The application fee must be submitted directly to the Town Planning Board Office at Town Hall along with the application material (plans, application, EAF, etc.) for the Sketch Plan, Preliminary, or Final processing. Checks are to be made payable to the Town of Beekman.

*Subsequent submittals shall include Eight (8) copies as well. Four (4) full size site plans and Four (4) 11x17 site plans. All submittals shall include electronic

copies of all documents submitted. This can be done via CD, flash drive, email or any other accepted means.

If the Planning Board refers a plan to the Dutchess County Soil & Water Conservation District for review, the application will be required to fund an escrow account to cover the costs of such review.

PLANNING BOARD MEETING PROCEDURES:

The following schedule is normally followed at the Planning Board Meeting:

Meeting opens at 7:00 PM with the comments and acceptance of the Minutes from the previous meeting(s).

Public Hearings

The balance of the Agenda will be determined by the date that the applications, plans, reports, etc. for Sketch, Preliminary, or Final are received by the Planning Board Office or requests for a discussion received by the Planning Board Office.

Correspondence, referrals and other matters.

NOTE: The Planning Board tries to leave by 11 PM, so all items on an Agenda may not be addressed at the meeting. If that occurs, the Board may schedule a special meeting or carry the balance of the Agenda over to the next month's meeting.

It is suggested that the Applicant and their professional engineer and / or land surveyor attend the meeting, bringing additional copies of the plans.

DISCUSSION:

This is an OPTIONAL step at the Applicant's request. In order to be placed on the Agenda of Discussion, make a request in writing to the Planning Board Office.

The purpose of Discussion is to present an idea or a concept to the Planning Board to determine the feasibility of what you desire and / or to obtain general guidance or direction from the Planning Board.

There are no guidelines or requirements for material presented to the Planning Board, as this is an OPTIONAL step, and there are no formal decisions made by the Planning Board.

SKETCH PLAN REQUIREMENTS - LOT LINE REALIGNMENTS

Please refer to the Town of Beekman Land Subdivision Regulations Specifically Article III.

All adjoining and adjacent property owners must be listed on the Sketch Plan and a list of their legal address should also be submitted for initial review.

The Planning Board must formally grant Sketch Plan Approval for a subdivision or a Lot Line Realignment before preliminary review can begin.

PRELIMINARY PLAN REQUIREMENTS-SUBDIVISION & LOT LINE REALIGNMENTS

Please refer to the Town of Beekman Land Subdivision Regulations Specifically Article IV. ALL construction, grading, soil erosion control, landscaping, etc., plans must be prepared at a scale of 1" = 50' or larger to provide plans that are easily read and capable of being followed by contractors.

All items shown on the plan that received Sketch Plan approval.

The Planning Board must receive a complete preliminary application before a Public Hearing can be advertised, adjoining and adjacent property owners notified, and the Public Hearing scheduled and held for projects that do not include new roads.

Notification to adjoining and adjacent property owners and the newspaper **MUST BE MADE A MINIMUM OF 10 DAYS AND A MAXIMUM OF 12 DAYS PRIOR TO THE MEETING DATE.**

It is the APPLICANT'S responsibility to arrange for the publishing and distribution of the Notices of Public Hearings. Please review enclosed sample notification letters.

Proof of Publication and notification (submit to the Town Planning Office by the day before the meeting),

It is the APPLICANT'S responsibility to contact the Town Highway Superintendent, NYS DOT or DC DPW, Beekman CAC, Beekman Fire Department and request the written comments for submission to the Planning Board.

FINAL PLAN REQUIREMENTS - SUBDIVISION & LOT LINE REALIGNMENTS

Please refer to the Town of Beekman Land Subdivision Regulations, specifically Article V.

The following Planning Board Approval Note shall be put on the file plan.
